

Foster Grandparents

Dear Medical Professional:

Your patient's health must be evaluated prior to becoming a Foster Grandparent and annually thereafter. Foster Grandparents are a part of Senior Corps and are 60 years of age or older who serve children with special or exceptional needs.

Please complete this form and list any service restrictions. We need your approval to ensure that your patient is capable of serving children without detriment to either themselves or the children. Please fax this form, both sides, ATTN: David Terry, to (623) 776-0207. It is the easiest method to receive and process the form.

You can mail it to: FOSTER GRANDPARENT PROGRAM, C/O DAVID TERRY, 7910 W MARYLAND AVE., GLENDALE, AZ 85303.

Furthermore, since Foster Grandparents are on a limited income and some may not have medical insurance, any assistance you can provide to cover the cost of this examination will be greatly appreciated.

Please check this box if you are donating your service and list the amount: \$_____

Sincerely,

Foster Grandparent Program
